What's Happening in Our Chapter: Quick Highlights

- **50th Anniversary Recap:** Our 50th celebration was super inspiring! Big thanks to Jean Clancy for reminding us where we started and showing us that WOC nurses can tackle anything when we advocate for quality patient care.
- **Elections & Board Leadership:** We hit our goal of having 4 elected Directors alongside the Executive Board for 2026! Every board spot is now elected by you, so your vote really counts. Heads up: 2 Director spots and the President-Elect position are up for election in Fall 2027 (2-year terms come with perks like conference coverage, budget permitting!). Interested? Contact Terese Cronkhite at Leadership@newenglandchapterwocn.org.
- **Committee Openings & Mentorship:** We're always looking for co-chairs and team members for Communications, Conference Planning, Membership, Leadership, Youth Rally, and Historian. Plus, you'll get mentored by past chairs so you won't be flying solo.
- **Tech & Google Workspace Upgrade:** We switched to Google Workspace to streamline everything! We now have standard email addresses (like president@newenglandchapterwocn.org), shared drives for leadership documents, Google Meet for meetings, and Google Forms for conference evals and registration tracking—saving us money on tech costs.
- **Financials & Member Savings:** We're keeping things transparent. Any profits made from sponsor meals or vendor booths go right back into our emergency savings fund and help fund member scholarships and lower conference registration and hotel fees.
- **Upcoming Virtual Chats:** Tricia Foley and Mary Harris are launching a casual Google Meet networking/discussion series this winter. Keep an eye on your inbox and social media for start dates!

Save the Dates: Join us at **WOCNext 2027** in Savannah, GA (June 14–16, including our Chapter breakfast!) and our **Fall Conference 2027** at the Downtown DoubleTree in Manchester, NH (Oct 21–23).
